

Seeking Research Participants

Currently there's a debate about legalising euthanasia and assisted dying.

We're seeking volunteers who are approaching the end of life because it's important to hear their views on this complex subject.

Have you (or someone you know) been diagnosed with terminal, incurable, progressive or degenerative illness?

Do you or your doctor think you might have less than 12 months left to live?

Do you have thoughts on assisted dying you are willing to share?

We would like to hear your story.

All information is confidential.
